

# INDUSTRIAL ATHLETE MASTERY SERIES

**TREATMENT & MANAGEMENT OF PATIENTS WITH WORK-RELATED INJURIES.**

**THE ERGOSCIENCE INDUSTRIAL ATHLETE MASTERY SERIES  
BENEFITS THE CLINICIAN, THE PATIENT AND THE CLINIC:**

- Alleviate frustrations commonly associated with work comp patients.
- Gain confidence in return to work recommendations
- Grow your work comp business with effective marketing
- Become the local work comp expert

Differentiate your care of patients with work-related injuries. Course attendees tell us that taking the course gives them the building blocks to grow their injured worker program.

## FOUR INDIVIDUAL COURSES

- Excel in Outpatient Treatment of Workers' Compensation Patients
- Developing Effective Work Conditioning and Work Simulation Activities
- Marketing and Selling Your Workers' Compensation Services
- Incorporating Functional Capacity Evaluation

## REGISTER ONLINE TODAY

\$95 per individual course.  
\$375 for the bundle

Upon registration, participants enjoy 30-day access to the courses.

The course bundle has been approved for 6.5 continuing education hours for occupational therapy practitioners by the Illinois Occupational Therapy Association. Individual courses are approved for clinical continuing competence through the Mississippi State Board of Physical Therapy.

**I'VE SEEN THERAPISTS STRUGGLE WITH THEIR PLAN OF CARE FOR THE WORKERS' COMP PATIENT. ERGOSCIENCE HAS GIVEN ME TOOLS TO BUILD OUT OBJECTIVE GOALS WHICH LEAD MY TREATMENT PLAN. I FEEL AS IF I HAVE A REAL ROAD MAP IN TREATING THE INJURED WORKER.**

- KELLEY SOUTHARD, PT  
CLINIC OWNER

## FOUR COURSES IN THE SERIES

### **Introduction to Occupational Health Physical Therapy: Excel in Outpatient Treatment of the Work Comp Patient**

Physical and Occupational therapy treatment of patients with work related injuries is significantly different from treating the average outpatient. Learn the important patient management techniques that will make work comp case managers and adjusters see you as the local work comp PT expert.

1.5 contact hours

### **Marketing in the Work Comp Arena**

You can offer the best work comp treatment and yet not garner the referrals unless you market your services to the right referral sources. And it's not just doctors - case managers and insurance adjusters play a big role. Knowing what to do and whom to target is critical.

1.5 contact hours

### **Advanced Work Rehabilitation: The Future of Work Conditioning and Work Simulation**

Even after work comp patients have completed outpatient therapy, they may not have the physical ability to perform the job. This course will teach you how to develop effective work conditioning and work simulation programs.

1.5 contact hours

### **Incorporating Functional Capacity Evaluation into the Management of the Work Comp Patient**

There are many uses for Functional Capacity Evaluation (FCE). This course will teach you when and how to use an FCE appropriately. You'll also learn the characteristics of a defensible FCE and how to approach the issues of cooperation with testing and sincerity of effort.
